Cathedral City Fire EMS Launches Fire Cadet Program for Aspiring Emergency Services Professionals

Cathedral City, CA – The Cathedral City Fire EMS is excited to announce the launch of its Fire Cadet Program providing a unique opportunity for young men and women to explore and prepare for careers in fire and emergency medical services. This program will combine both classroom instruction and hands-on training, equipping participants with the knowledge and skills needed to excel in this rewarding field.

The Fire Cadet Program is designed for high school students and young adults who are interested in pursuing a future in firefighting or emergency medical careers. Through this program, cadets will gain insight into the various aspects of fire service, emergency medical response, and public safety. Participants will engage in interactive learning experiences, including fire safety education, medical training, and physical fitness exercises, all while fostering teamwork and leadership skills.

Key Highlights of the Program:

Classroom Learning: Cadets will receive foundational knowledge about fire behavior, emergency medical protocols, and safety practices.

Hands-On Training: Participants will engage in practical exercises, enabling them to apply what they learn in real-world scenarios.

Fire Academy Sponsorship: Upon successful completion of the program, cadets may qualify for sponsorship to attend a Fire Academy, setting them on the path to becoming certified firefighters or emergency medical technicians.

The Fire Cadet Program aims to inspire the next generation of emergency service professionals and promote community involvement. By participating in this program, cadets will not only enhance their skills but also develop a deeper understanding of the vital role that fire and emergency medical services play in safeguarding our community.

Get Involved!

We invite all interested young individuals to join us in this exciting new program. For more information about the Fire Cadet Program and how to apply contact, Sandy Ramsey-Woods at 760-770-8200 or fireinfo@cathedralcity.gov

Embark on a rewarding journey and take the first step towards a fulfilling career in fire and emergency medical services with Cathedral City Fire EMS!
